TEPAD++ CCL IMPORTING

the CCL Language into Notepad++

Richard N. Youngworth, Ph.D. - Presenter

UNITS: MM DES: Pentax

Steps to import the CCL Language Definition into Notepad++

• Start Notepad++ and open the user defined dialog from the file menu.

C:\Users\Public\Documents\OSLO66 Premium\public\ccl\a_global.ccl - Notepad++

Steps to import the CCL Language Definition into Notepad++

- Click the "Import" button near the top, and navigate to the "import_ccl.xml" file that came with OSLO.
 - It is most likely in the OSLO public folder, in the Notepad++ subfolder.
- Select the file and click on Open.
